#### **BADASS OF THE WEEK**

I want you to back yourself into a corner. Give yourself no choice but to succeed. Let the consequences of failure become so dire and so unthinkable that you'll have no choice but to do whatever it takes to succeed.

 The Wolf of Wallstreet

### Sgt David B. Bleak US Army Medic Korean War

As a medic, he joined a recon patrol committed to engage the enemy and capture a prisoner for interrogation. Forging up a rugged slope of the key terrain, the group came under automatic weapons and small arms fire and suffered several casualties. After aiding the wounded, he continued to advance with the patrol. Nearing the crest of the hill, while attempting to reach more wounded, he came under hostile fire from a small group of the enemy in a trench. Entering the trench he killed 2 with bare hands and a third with his trench knife. Moving from the trench, he saw a concussion grenade fall in front of a companion and shielded the man from the impact of the blast. Later, while tending to a wounded, he was struck by a hostile bullet and continued to evacuate the wounded comrade. As he moved down the hill with his comrade, he was attacked by 2 enemy soldiers with fixed bayonets. As they neared, he grabbed them and smacked their heads together, then carried comrade down the hill to safety.
